KITEK GROUP

How to Start a Blog with WordPress Free Checklist:

How to start a blog with LOW Fee – I created KiTek Group website to give beginners a high-speed, perfect guide to starting a blog, without having to learn HTML or waste your time reading long, boring tutorials. In fact, over 10,000 peoples worldwide have already setup blogs using this guide! By contacting me through my YouTube Channel [KITEKGROUPUSA](#) !!!

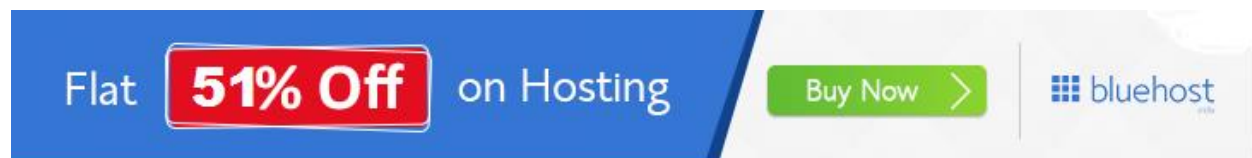

I also wanted to help you avoid all the costly mistakes that nearly everyone people do.

Check domain availability at <https://kitekgroup.com/domain>

Step 1: Select Web Hosting:

Choose a suitable web host depending on your requirements. Some popular options include [Blue host India](#) | [Blue host USA](#) (I personally recommend).

Coupon code for [Bluehost India \(upto 51% off\)](#)

Step 2: Name server Connections:

Connect your [domain and Host Name Servers](#). After 2 to 24 hours name servers will be activated.

Step 3: WordPress Installation:

Next, Go to cpanel and Install [updated version WordPress](#).

(If you don't know [KiTek group](#) Help you free. Please feel free and email us – KiTekGroup@gmail.com).

Step 4: After Installation:

Choose right theme for your website blog. You can find blog themes from [Themeforest.net](#)

Step 5: Customization theme:

Once you buy the theme from [themeforest.net](#) customize as per your way of look.

Step 6 : Free SEO Plugin:

Find [yoast Plugin](#) Free and Install for your blog SEO.

Step 7: Google Search console:

Authorize your WordPress blog to [Google Search console](#) indexing.

Step 8: XML Site Map:

Create your blog **XML site Map** and submit into the [Google indexing](#).

Step 9: Pages:

Create some pages as per your requirement.

Step 10: First Blog post

Write your Blog post and Publish.

After successfully posted few blog posts

Step 11: Google AdSense:

Apply Google AdSense and start earnings.

Step 12: Social Media:

Add Social Icons: Add social media icons/links for Facebook, Twitter, Google+, Pinterest, LinkedIn, etc.
